

Futurology AI/R Tokenisation - 24th Sept 2023

Based on the stimulation data as provided, generated this report @ <https://tokenomics-report.cenit.finance/results>

Hypotheses made

Futurology AI/R

Token buying
pressure per
Futurology AI/R unit

5e-05

Percentage of Tokens
sold at vesting

45.65 %

Percentage of tokens likely to be sold by agent at
vesting

Note: this is a static simulation and therefore the reactions of the agents might not be realistic.

- Token prices do not change the amounts of tokens consumed
- Agents strategies are static and not based on price
- The token model is generic, based on a relationship to the project KPIs
- Contact us to obtain a simulation as detailed as our [Gamefi demo](#)
